

Invitation

Respected Sir/Madam,

It gives us immense pleasure to inform you that a National Seminar on 'Conservation and Preservation of Bioresources in North-East India' has been organized by Department of Botany, Chemistry & Zoology of CNB College, Bokakhat on 28th & 29th June 2019.

We, on behalf of the organizing committee request your kind presence and an active participation in all academic and other exercises to make the seminar a grand success.

With regards,

Mr. S.C. Dutta
Principal and Chairman,
(9435152179)

Mr. Surajit Dutta
Vice Chairman
(7002215709)

Mr. Sonjib Borah
Co-ordinator
(9859120676)

Ms. Madhulika Dutta
Co-ordinator
(9401125355)

Mr. Debajit Saikia
Joint Co-ordinator
(7002082858)

Mr. Hariprasad Nath
Joint Co-ordinator
(9435235072)

Seminar organizing committee, CNB College, Bokakhat

Address for communication :

CNB College, Bokakhat
P.O. Bokakhat,

About the college :

Established in 1995, Chandra Nath Bezbaruah College is affiliated to Dibrugarh University, Assam. It is a co-educational institute having seven teaching departments offering undergraduate courses in Science stream. The college envisages a pious vision for socio-cultural upliftment through academic excellence, community mobilization of underprivileged sections situated in a sub-urban locality. It is celebrating Silver Jubilee year from September 2019-2020 with a series of academic and other outreach programmes. The world famous Kaziranga National Park is the nearest tourist attraction along with the Kakachang waterfalls.

About the seminar :

North East India is situated in the transition zone between the India, Indo-Malayan and Indo-Chinese Biogeographic regions meeting a place of Himalayan Mountains and Peninsular India. As a result it is blessed with a range of physiographic and eco-climatic condition and as a consequence the region harbours rich biological resources. The richness in bioresources and biodiversity in Northeastern region of India is remarkable which makes a key reason for the conservation and preservation of natural heritage. However, its bioresources and bio diversity is threatened by various factors. For development and conservation, ecological, social, and economic dimensions need to be considered. Conservation is achieved through identification, recognition of the bio geographic zones, ecosystem and species. It includes combination of ex-situ or in-situ conservation as both are complimentary to each other.

Due to habitat destruction, unscientific harvesting, lack of sustainable strategy are reducing drastically from this northeastern region. To save them from the threatened condition there is an urgent need to conserve the genetic resources of species both by in-situ and ex-situ conditions before loss forever and develop strategy for conservation and preservation. Educational programmes are considered as a vital component through which people can be made aware of customary use of bio resources with traditional culture and the importance of natural resources need to preserve them through conservation and sustainable management.

Sub themes :

- Biodiversity vis-a-vis climate change
- Biodiversity assessment, modeling and informatics
- Biodiversity of coastal and river ecosystems
- Extreme weather events and climate change
- Bioprospecting
- Municipal solid waste – the challenge it possesses
- E-waste management
- Biofuels
- Traditional, herbal and ethno medicine
- Ecosystem and literature
- Biodiversity informatics: management and applications
- Advancement in bioconservation relevant to different branches in physical science

Call for papers:

Teaching faculties, researchers, students and other interested persons are invited to submit abstract of research paper within 300 words on or before 5th June 2019. The abstract may be sent through email – cnbcollegebokakhat@gmail.com or by post. The text preferably in Times New Roman, font size 12 should contain an introduction. Selected papers will be published in a seminar proceedings with ISBN.

Participation and Registration:

Participation in seminar is cordially invited from the teachers, research scholars, students and all interested individuals. Registration through email is opened from 25th May to 25th June 2019.

Registration can be made by sending Demand Draft in favour of

Principal, CNB College, Bokakhat
payable at:
Bank of Baroda,
Bokakhat Branch,
A/C. No. – 50030100002268
IFSC: BARBOBOKAKH

Registration form can be downloaded from the website:
www.cnbcollege.in

For inquiry:
Mail ID: cnbcollegebokakhat@gmail.com
Ph. No: 9101587560 & 7002231806
