

Teacher Evaluation by Students

CNB College, Bokakhat

SESSION 2019-20

Teacher evaluation obtained through a large number of students in terms of satisfaction towards the teacher, his/her teaching-learning and evaluation provides high reliability for evaluating teacher performances and it directly helps the teacher for his personal development in the field of teaching.

Keep in view that teacher's evaluation by students is an important part of education system for better development and performance of teacher in an institution as well for better growth, understanding and teaching-learning process by students. Administration of CNB College always tries to conduct confidential survey among the students for each and every individual teachers periodically.

Due to the outburst of Covid-19 pandemic education system was adversely affected due to the early lockdown imposed by the government in response to Covid-19. College was closed and our college campus was transformed into quarantine centre by the Government authority. Though college was closed but to compensate the loss regular classes college authority CNB College provided online classes to the students so that there should not be hinder in education process. Teachers were regularly taken online classes and adopted new methods of digital teaching and learning methods.

For the session 2019-20 Teachers evaluation was done by online method on dated 1st March 2021 and Google form was circulated to the students through their respective mail. The questionnaires were intended to collect information relation to student's satisfaction towards the Faculties, teaching, learning and evaluation. As due to Covid 19 pandemic online classes were taken by the respective teachers so, the evaluation questionnaires were primarily based on online interactions.

A total of 1077 forms were received and it was used as important feedback for quality improvement of the teacher/ programme of studies/ institutions. After thorough evaluation of each and every feedback forms against each individual teacher, the evaluation committee has

discussed the same with the teacher personally and asked to improve on the parameters where student satisfaction level was not up to the mark.

The questionnaires are attached with the report as documentation for further such kind of survey and progress of individual teachers on next survey. The summary of teacher evaluation by students for the session 2019-20 is also attached herewith.
